

# ***YOUTH CHARTER***

**You have the right not to be videoed or photographed by anyone using cameras, webcams or mobile phones.**

## **Could this be YOU?**

On the school bus Liam had his trousers pulled down and some other pupils videoed the incident on their phones.

The bus driver, who knew about 'happy slapping' videos, witnessed the event, stopped the bus and called the school. The videos were not posted on a website. The pupils were disciplined, and Liam was supported and other bullying incidents investigated.

## **Top Tips**

- Report this to someone – a teacher, parent or another responsible adult.
- If this is bullying it is a crime, please see scenario 9.
- If it is an adult who is taking pictures or videoing you tell the police.
- Be careful about when you have your webcam on – only have your webcam on when you know the person you are 'speaking to'. These pictures can be used by anyone and once they are on the internet they are difficult to remove.
- If you are taking pictures of your friends think before you send them anywhere. Get your friends' permission before taking pictures of them, and especially before sending pictures to someone else or to the Internet.
- Remember that as soon as you have sent them, you can't control where they end up.
